Learn german at the coast

29th July - 23rd August 2024

German Summer Course

better for you

Learn German at the coast!

The best place to learn German is in Germany! This is why the Jade University annually offers the successful "German Summer Course".

During the four-week intensive course (100 hours in class) the students can improve their German language skills working in small groups under the guidance of professional language teachers.

A placement test at the beginning of the classes helps to find the right course level for everyone. After completing the course, all students will receive a certificate of participation. Six ECTS credits are given for successful completion of the course.

The course is particularly suited for those planning to study in Germany but also for anyone who would like to improve their German language skills. Minimum age is 18 years.

Combine studying with activities and trips

Five hours of lessons take place in small groups each morning. The afternoons and weekends are used to put theory into practice.

We offer for example:

- welcome barbecue
- day trip to northern Germany's biggest amusement park
- mud flat hiking
- sport activities and more

It is our goal to train the participants' communicative skills: everyday conversations are practiced to train pronunciation, improve listening skills and use correct grammar. Various cultural topics are worked out in projects or in presentations.

At the end of the course students will not only have deepened their knowledge of Germany and its culture, but also will have become much more competent in German language and will have made many new friends!

Costs

The fee of the course is € 580.00 (Euro). The course fee covers the costs of the language lessons. NOT included are costs for accommodation and meals. Visiting students from our partner universities intending to register for an upcoming semester in the academic year of 2024/2025 will receive a 50% discount for the course.

Accommodation in Wilhelmshaven: After the registration fee has been received, we will be glad to give you further information about accommodation in Wilhelmshaven.

Other costs: Each course participant is responsible for his/her own meals for the four-week period. The costs for food are usually about 30-50 Euro/week.
