

Laurea International WEEK 2019

TIKKURILA CAMPUS | 25th-29th MARCH 2019

Dear colleagues,

On behalf of the organizing team, we would like to invite you to **our International Week at the Laurea Tikkurila campus from 25th to 29th of March 2019**. The theme this year is **“Everyday Innovations”**. We are inviting **both teaching staff and non-teaching staff** to join our program for innovative week of workshops, lectures and networking opportunities. Everyday innovations may include:

- Innovations within social and health care
- Business and circular economy innovations
- Service design innovations
- Innovative entrepreneurship
- Security related innovations
- ICT innovations
- Innovative educational and pedagogical approaches
- Good practices and innovations in correctional services
- Innovations in beauty and cosmetics
- From weak signals to future innovations

We also offer a side event: Everyday Circular Economy Innovations - Laurea Circular Economy Jam 2019, 27th – 28th of March 2019 at the Laurea Leppävaara campus. More information in the Registration link.

For the programme for non-teaching staff we especially welcome staff members from *career services, human resources, IT, library, and international affairs*.

We kindly request all guests to register using the [Registration link](#). You can afterwards edit your registration information by using the same link. The deadline for registration is **7th of January 2019**. We will confirm your participation by mid-January. The Programme for teaching and non-teaching staff and practicalities on accommodation and transportation will be sent with the confirmation.

To learn more about Laurea and to get more information on the International Week, kindly check [Laurea official website](#).

Laurea University of Applied Sciences has six different campuses operating in the Uusimaa region. We have about 7800 students, 500 staff members and more than 24 000 alumni in our community. The International Week (IW) at Laurea is an annual tradition that started in 2000. The week brings together Laurea's international cooperation partners from higher education and working life within the fields of Social and Correctional Services, Business, Health Care, Beauty and Cosmetics and Tourism and Hospitality Management as well Security Management and ICT. With innovative lectures, workshops and networking events, Laurea IW aims at presenting the latest results and progress of ongoing research and development projects as well as educational innovations.

**Together we
are stronger**
