Architectural cross-section drawing of a landscape design. The drawing shows a ground level with various materials and structures. From left to right:

- A concrete path (Läufer aus Betonpflaster 20/10/8 cm) with a brick paver detail (Klinkerpflaster 24/11/5) and a construction detail (Aufbau gemäß Regeldetail).
- A flower bed (Stauden) with plants.
- A tree (Neupflanzung gemäß Regeldetail) in a pit.
- A concrete path (Betonsteinpflaster 20/30/8 cm) with a construction detail (Aufbau gemäß Regeldetail).
- A grass area (Gräser).
- A gravel area (Noppenbahn).

A building with large windows is in the background. A vertical scale bar on the left indicates "Anstiege an Bestand" (existing slopes) with a 1:10 scale.

Architectural cross-section drawing of a building facade and ground level. The drawing shows a concrete slab (Betonpflaster) with a height of 20/30/8 cm, a brickwork base (Klinkorpflaster) with a height of 24/11/5 cm, and a concrete base (Läufer aus Betonpflaster) with a height of 20/10/8 cm. A tree is shown in the center, and a staircase is on the right. The ground level is marked with a dashed line and labeled 'Aufbau gemäß Regelentwurf'. The building structure is shown in grey, and the ground is hatched. A vertical line on the left is labeled 'Anstrichen an Bestand'.
