1. Introduction and legal framework conditions

In order to strengthen the permeability between work and study, the Conferences of Ministers of Education and Cultural Affairs in the resolutions of 28.06.2002 and 18.09.2008 in conjunction with the Lower Saxony Higher Education Act (NHG) of 26.02.2007, last amended by Article 12 of the Act of 20.12.2016 (Nds. GVBl. 20/2016 p. 308) and §15 General Part of the Examination Regulations for the Bachelor's degree programs at Jade University Wilhelmshaven/ Oldenburg/ Eilsfleth dated 16.11.2004, last amended on 21.10.2014 (VerkBl. No. 56/2014 dated 24.11.2014), provide for the recognition of competences acquired outside of higher education. On this basis, the Faculty of Business has adopted the following guidelines for the Banking and Insurance Management (dual) degree program:

2. Aim and purpose

- (1) This guideline serves to improve the permeability between non-university initial, continuing and further education and university degree courses. The focus is on the flat-rate crediting of vocationally acquired skills for coursework, examinations and credit points.

- (2) For students who have participated in further education courses, modules whose learning outcomes they have already achieved as part of their qualifications can be recognized within the framework of these guidelines. This results in flat-rate recognition of study periods, examinations and credit points without the need for a case-by-case assessment.

3. Scope of application

- (1) These guidelines apply to the general crediting of periods of study, examinations and credit points in the Banking and Insurance Management (dual) degree program in the Faculty of Business at Jade University of Applied Sciences Wilhelmshaven/Oldenburg/Elsfleth as defined in more detail in § 15 Crediting of periods of study, examinations and credit points Part A BPO.
- (2) The guidelines apply to the following competences acquired outside the Jade University of Applied Sciences Wilhelmshaven:
 - a) Bank clerk, insurance and finance clerk
 - b) Insurance specialist, certified specialist for insurance brokerage
 - c) Savings Bank Specialist for Customer Advice (KBL)
 - d) Banking specialist (IHK, Sparkassenakademie, Frankfurt School/ Bankakademie and BankColleg)
 - e) Savings bank business economist
 - f) Bank business economist (IHK, BankColleg)
 - g) Specialist in insurance and finance or insurance specialist
- (3) Changes in the professional qualifications and training qualifications by the external providers of the aforementioned professional qualifications and training qualifications may result in changes to the flat-rate crediting.
- (4) All other crediting procedures in accordance with §15 Part A BPO remain unaffected by these guidelines. The use of educational qualifications for the purpose of university entrance qualifications remains unaffected.

4. Requirements for flat-rate crediting

In order to use the flat-rate credit transfer procedure in the Banking and Insurance Management (dual) degree program, the following requirement must be met before enrolling in the above-mentioned degree program at Jade University of Applied Sciences:

Successful completion of one of the professional qualifications or training qualifications listed under 3 (2).

5. Scope of the flat-rate crediting

The flat-rate crediting is as follows:

- a) Bank clerk, insurance and finance clerk
Successful training as a bank clerk or insurance and finance clerk means that the practical transfer modules I-III are credited as a lump sum.
- b) Insurance specialist, certified specialist for insurance mediation
The practical transfer modules I-III are credited as a lump sum if you successfully complete the professional qualification as an insurance specialist or certified insurance broker.
- c) Savings Bank Specialist for Customer Advice (KBL)
The modules of the 1st and 2nd semesters as well as the practical transfer modules II-III are credited as a lump sum for a successful professional qualification as a Sparkassenfachwirt/-in für Kundenberatung (KBL).
- d) Bankfachwirt/-in (IHK, Sparkassenakademie, Frankfurt School/Bankakademie), Specialist BankColleg
The modules of the 1st to 3rd semesters and the practical transfer module III are credited as a lump sum if you successfully complete a professional qualification as a Bankfachwirt/-in or Fachwirt/-in BankColleg.
- e) Bank/Savings Bank Business Economist, Bank Business Economist BankColleg
The modules of the 1st to 4th semester are credited as a lump sum if you have a successful professional qualification as a banker/savings bank clerk or bank business administrator BankColleg.
- f) Insurance specialist, insurance and finance specialist
The modules of the 1st to 4th semester are credited as a lump sum if you have successfully completed a professional qualification as an insurance and finance specialist.

6. Transfer/conversion of grades from professional qualifications or training qualifications

Credited modules are shown as such on the degree certificate.

If a comparable grading system is available, the grades from the professional qualifications or training qualifications are transferred to the creditable performance in the Banking and Insurance Management (dual) degree program. In the case of incomparable grading systems, the note "passed" is included.

7. Transitional provisions and entry into force

These guidelines apply for the first time to students enrolled on the Banking and Insurance Management (dual) degree program at Jade University of Applied Sciences Wilhelmshaven/Oldenburg/Elsfleth in the 2018/2019 winter semester.

The guidelines enter into force on 27.11.2020.

Decided by the Examination Board for Economics on 27.11.2020.

Prof. Dr. Kirspel
